ABOUT INCA ONE

- Gold producer operating two fully integrated, gold mineral processing facilities in Peru with a combined 450 TPD permitted operating capacity.
- The Company's plants, Chala One and Kori One have produced over 130,000 ounces of gold, generating over US\$200 million in sales from its milling operations.
- The first publicly traded processing company to complete permitting under Peru's formalization legislation.
- Led by a professional and experienced management team that has established Inca One as a trusted leader in servicing permitted, artisanal and small-scale miners (ASM) in Peru.
- Ideally positioned for scale and growth with approximately 56% unused plant capacity and is focused on scaling production to fill remaining capacity at its two facilities.
- Peru is one of the world's largest producers of gold and its ASM sector is estimated by government officials to be valued in the billions of dollars annually.
